*A Covenantal Connection of Independent Deliverance, Holiness & Deliverance-Holiness Congregations*

## A Message from the Presiding Bishop & Chief Servant

Grace and peace to you in the name of our Lord Jesus Christ.

With gratitude, prayerful expectation, and covenantal purpose, I present this Regional Edition of the Official Church Directory of the United Deliverance Churches in America, Inc. This directory is more than a compilation of names and locations. It is a witness to a broad and enduring stream of Deliverance, Holiness, and Deliverance-Holiness ministry serving communities across our nation.

Independent churches have often carried significant spiritual and community responsibilities without the benefit of a consistent connectional forum. Our congregations preach Christ, strengthen families, minister to the hurting, develop leaders, serve neighborhoods, and preserve a testimony of holiness, deliverance, and the transforming power of God.

UDCA exists to help create meaningful connection without diminishing local church autonomy. We seek cooperation without coercion, communion without control, and representation without the surrender of local identity. Our conviction is simple: independent churches need not be isolated churches.

The regional format in this directory is designed to make connection practical. It allows neighboring states - especially those with only one or two identified churches - to participate within a broader regional family for fellowship, communication, prayer, leadership development, and outreach.

May this directory help us know one another better, strengthen the ties of covenant among us, and prepare the way for one voice, one connection, and one communion of churches serving Christ together.

***Independent, but not isolated. Autonomous, but connected.  
Distinct congregations, sharing one table, one conversation, and one connection.***

In covenant and Christian service,

**The Very Reverend Charles Paige**

**Presiding Bishop & Chief Servant**

United Deliverance Churches in America, Inc.

## Directory Status Notice

This Regional Edition is compiled from the current UDCA active church research list. It is a connectional and outreach directory of independent Deliverance, Holiness, and Deliverance-Holiness congregations. Inclusion in this directory should not, by itself, be read as confirmation of formal UDCA membership, covenant execution, ecclesiastical appointment, or denominational affiliation. Churches on review or hold status and churches identified with conflicting denominational, network, or organizational affiliations are not included.
